

designed for life

Black to the future

As part of its new Black Swan range, leading SDA brand, Swan has introduced an all-new top of the range **Matt Black Electric Kettle model SK18090BLKN**.

This Matt Black kettle is literally bristling with features:

- 360° cordless base.
- Concealed stainless steel heating element.
- Safety locking lid.
- Automatic cut-off.
- Boil dry protection.
- Twin water gauge windows.
- Large spout with removable and washable filter.
- Stylish Matt finish.

The all-new Black Swan Matt Black Kettle model SK18090BLKN will be available mid to late June with a SRP of £39.99 and will come in high-visibility packaging with stand-out feature guides.

This new Black Swan Kettle is also available in matt white finish and both kettles have coordinating toaster models.

For further information on these and other leading Swan electrical products please visit www.swan-brand.co.uk or call 01782 339 553
