

designed for life

## Queen of ironing

Leading SDA brand Swan, is further strengthening its range offering by launching a new top end collection of products under the name of Odette 'Queen of the Swans'. One of the first Swan products under this umbrella is the new **Odette Steam Generator Model SI9020TTN**.

Swan has taken a good hard look at the steam generators and is launching a model designed to take the very best on.

The specification is impressive:

- 90g/minute surge of steam.
- Vertical steam function.
- Large 170ml detachable water tank.
- Built in anti-lime scale filter.
- Long 3 metre cord.
- 2200 Watt ironing performance.
- 60 minutes auto shut-off feature.
- LED module temperature display.

The new Swan Odette Steam Generator model SI9020TTN will be available mid to late June with a SRP of £249.99 and will come in high-visibility packaging with stand-out feature guides.
